

U.S. Patent Application Serial No. 10/711,363
Amendment filed August 24, 2005
Reply to OA dated May 24, 2005

AMENDMENTS TO THE SPECIFICATION:

Amend the specification as follows:

Replace the paragraph beginning on page 2 line 13 with the following rewritten paragraph:

[Para 6] A contact resistance enlarging portion is formed on a junction face (22) of the anode lead frame (20) with the anode lead (16), the area over which the anode lead frame comes into contact with the anode lead being smaller than the portion other than the junction face (22). The contact resistance enlarging portion (52) may be constituted by any one of grooves (30), mottled portions (31), dimple portions (32), and protusions and depressions that are provided on the junction face (22).
